

I can	Science - Year 2	😊	Date
Working scientifically	Ask your own questions and understand that they can be answered in different ways.		
	Use a microscope/magnifying glass.		
	Perform experiments.		
	Group things together by their features.		
	Suggest the answer to a question by making observations.		
	Collect my results and write them down to help me answer questions.		
Living things and their habitats	Tell you the differences between something that is living, things that are no longer alive and things that have never been alive.		
	Tell you how different habitats provide for different animals and plants.		
	Tell you how different animals and plants depend on each other.		
	Tell you about micro-habitats.		
	Tell you about different plants in their habitats.		
	Tell you about different animals in their habitats.		
	Tell you how a food chain works.		
	Name different food sources of different animals.		

I can	Science - Year 2	😊	Date
Plants	Tell you how seeds and bulbs grow into plants.		
	Tell you why plants need water, light and heat to grow and stay healthy.		
Animals, including humans	Tell you what happens to animals over time.		
	Tell you the names of different animals' young.		
	Tell you what animals and humans need to survive.		
	Tell you why exercise is important.		
	Tell you why a healthy diet is important.		
Everyday Materials	Tell you what different materials are used for.		
	Tell you why some objects cannot be made from other materials.		
	Tell you how I can change the shape of solid objects.
