

English

This term our story is from Namibia 'Nolwendle - Daughter of the Seas'. We will retell the story and innovate a new ending.

We will also practise our writing to inform by composing some oceans reports and sea creature fact files.

We will use the book 'Flotsam' by David Wiesener to inspire poetry.

Computing

We will be continuing learning how to stay safe on the internet and do fact checking.

Year 3

Pelican and Seagull

Why are the oceans important to humans?

PE

This term we are focussing on Health Related Exercise, This includes developing children's knowledge of how the body functions/changes during exercise and developing children's ability to exercise at different intensities

Science and Geography - Oceans and Seas

We will use maps, atlases, globes to locate and describe the position of oceans and sea. We will learn about how the location of the ocean affects its temperature; what different uses there can be for the oceans; how oceans and rivers are formed and the features of ocean landscape and different layers of the oceans.

Art/

Design Technology

We will design an sea creature with a moving part and then implement our design to make a model.

PSHCE

This unit focusses on successful relationships. We will learn about how a class team works well together. We will learn about being considerate of others and how to positively resolve any conflicts that occur.
